

Akismer Tto ,Turkey

Established in 2013, AKISMER TTO operates as the technology transfer office of Akdeniz University, the oldest and the only state university in Antalya. It is also among the thirty-four TTO's funded by TUBITAK. As the only TUBITAK supported TTO in the Western Mediterranean Region, AKISMER serves a geographically expansive area with considerable potential for technology transfer and university-industry collaboration.

Services

The well trained staff, whose number has reached twelve, is able to extend high-quality and specifically-tailored services to academics, students and firms in the region. AKISMER TTO also undertakes major projects and co-organizes events with institutional stakeholders such as the Antalya Organised Industrial Zone, Western Mediterranean Development Agency, National Plant Breeders' Association and Antalya Chamber of Industry and Commerce.
